

Cherry Creek Pediatrics

November 2018

To All of Our Patient Families,

As many of you know, Dr. Perry has been out of the office for a medical leave since April. We are heart-broken to announce that Dr. Perry's cancer diagnosis will not allow him to return to Cherry Creek Pediatrics.

He wants to thank everyone for the outreach, cards, letters, pictures, and outpouring of support which he continues to receive from the community. This outreach continues to lift his spirits and help him focus on what is important during this incredibly sad time.

You are welcome to drop off cards or letters to our office and we will make sure that Dr. Perry receives the correspondence. You are also welcome to email him at sperry7893@msn.com. Please understand if he doesn't reply to your email.

Dr. Perry wanted to specifically share that he feels grateful for the opportunity to care for all of his patients over the past 25 years. He has the utmost confidence in the pediatricians and advanced practitioners who have taken care of his patients the past 6 months, "You are all in good hands".

We ask for your thoughts and prayers during this difficult time for our office. Dr. Perry is loved by so many patients, families, colleagues, friends and all of us at Cherry Creek Pediatrics.
